# MULTIPLE CHANNELS

Prospective patients find out about the 1.8 Dentistry platform with

- Branded Display Ads,
- Social Media Campaigns, as well as
- Blog Posts we keep adding along and
- Organic SEO and Paid Advertisements.

At the end of the day, dentists receive qualified prospective dental patients with their phone number, name and email captured and the services they are looking for.

Patients automatically book the appointments using text, phone call or on dental directory websites. The dentist profile can be used to book the appointments as well.

# MARKETING STRATEGY

## CHALLENGES

Creating digital assets takes months and lot of creativity to capture the interest of your prospective dental patient population. Also to be effective, it needs to be unique in your marketplace to stand out.

You often see big dental brands covering the ad spaces on TV, online, and social media. You can imagine how difficult it is for local dentist to acquire new patients, when you have competition with big budget brands.

## SOLUTIONS

Creating digital assets takes months and lot of creativity to capture the interest of your prospective dental patient population. Also to be effective, it needs to be unique in your marketplace to stand out.

You often see big dental brands covering the ad spaces on TV, online, and social media. You can imagine how difficult it is for local dentist to acquire new patients, when you have competition with big budget brands.

Local dentists can have their profile in all of these directories and gain visibility, phone verified reviews, and new patients with lot less effort and spend. To start with they can claim their FREE profile or create one.

For less than \$ 1 / day local dentists can enhance the profile and get unlimited patient booking from multiple dental directory websites.

For less than \$ 2 / day local dentists can list high and get unlimited patient booking using one text enabled branded dental phone number and from multiple dental directory websites.
