# THE APTIM ADVANTAGE

## ACCOUNTABILITY. COMMITMENT. EXPERIENCE.

We are a leader in providing consulting services to retail clients globally. At APTIM, knowledge and experience converge to make us the ideal fit for your program needs. With 20+ years of experience and 100+ skilled professionals dedicated to serving the retail industry, we develop and implement retail-specific management programs. We tailor our services to our clients' needs, creating lasting value for their businesses, communities, and the environment.

We think creatively, respect your culture and brand, and seamlessly execute your program and project initiatives.

*We are your relentless  
retail advocate*

## UNDERSTAND THE RETAIL BUSINESS MODEL

We understand challenges retailers face with program implementation and bring innovative tools, techniques, and strategies to move beyond boundaries including:

- ▶ High employee turn-over
- ▶ Numerous facilities with inability to cost effectively place specialty trained staff
- ▶ Varying regulatory interpretations and regulations

## NATIONAL INDUSTRY EXPERTS

Our direct involvement with retail industry organizations allows us to help develop policies, advance innovation solutions, and discuss best industry practices.

## REGULATORY EXPERTISE

Knowing regulations and regulators, we enhance our clients' permitting and compliance activities.

## Local Presence/Experience

- ▶ Offer extensive knowledge of environmental regulations at federal, state, county, and municipal level
- ▶ Employ professionals with unparalleled expertise throughout North America

## Life Cycle Expertise

We offer services for all phases of the retail facility life cycle, starting prior to property purchase through store opening, operations, facility closure, and property divestiture.

## CLIENT FOCUSED FIRST

We leverage industry experience to provide our customers with custom, professional, and compliant solutions.
