INTRODUCTION TO THE Q-WEB

The Q-web is a chronological timeline of our Hidden History, highlighting declassified government projects & operations, the true global power structure, elitist occultism, and generally things you won't read about in standard history books, yet can be easily referenced in mainstream literature. All information should technically be considered "theory"; and you are encouraged to research each point on this web yourself, and come to your own conclusion about its validity. The Q-web blends generally accepted facts and plausible theories together, and challenges the viewer to use their own discernment.

Sections 1 and 2 at the top of the web are devoted to ancient and pre-20th century history. The main timeline down the center (3) is divided into two categories, "Technology / Spirituality" on the left, and "War / Violence" on the right. Each term on the web is designed as a keyword granting access to further investigative material online. The arrows indicate a unique connection of interest between the two keywords at each endpoint. Many topics relate to the closest adjacent topics without an arrow. Many connections that could be made are not drawn on the map for the purpose of maintaining legibility of the text. Seek out the "Key to the Q-web" at the web address below to better understand how related subjects are clustered.

The Great Awakening is upon us. History is being rewritten not by the victors, but by the individuals, and the collective consciousness connected to Source. The New World Order is crumbling before our eyes. We're using their cyberweapons against them, and we're winning! Find high resolution digital files of the Q-web and other diagrams on the D.S.M.P. website. These diagrams are hyper-sigils intended to accelerate the awakening process, and help you spread truth and light into the world. You are encouraged to reproduce this document on cardstock and share it far and wide.

The survival of our Republic and indeed the human species may depend on it.

Victory is near!
