RSW TERMINAL EXPANSION PROJECTS ADVISORY #10: TEMPORARY CLOSURE - CROSSWALK 1

As part of the work for the Concourse E Project at Southwest Florida International Airport (RSW), Crosswalk 1 will be temporarily closed from **Monday, Sept. 29, 2025 at 8 a.m. to Wednesday, Oct. 1 at 5 p.m.** During this time period, all pedestrians will need to use Crosswalk 5, on the upper and lower level, to get to and from the parking garage and terminal building. Crosswalk 5 will be the only direct access to and from the airport terminal.

The Lee County Port Authority (LCPA) would like to make the following recommendations for travelers and airport visitors during this temporary closure:

- Use the Long-term Parking Lot, which has luggage assistance and shuttle service between the surface parking lot and the terminal curb for departing passengers. On the return, passengers will take the shuttle from the parking garage back to the long-term lot.
- If you are utilizing the Short-term Garage, please park in the west end (sections M-V), which is nearest to Crosswalk 5.
- Consider dropping off your party and their luggage at the terminal and then proceed to parking.

LCPA will continue to post updates on the airport's [website](#) and [Facebook](#) to help travelers and airport users become aware of changes due to construction. We appreciate your understanding as we increase capacity, airport efficiency and provide passengers with more amenities and options at Southwest Florida International Airport.
