### **RSW TERMINAL EXPANSION PROJECTS ADVISORY #11: CROSSWALK 1 TO REOPEN EARLY**

The work on Crosswalk 1, on the lower level, at Southwest Florida International Airport (RSW) will be completed earlier than planned. Crosswalk 1 will fully reopen to pedestrians by **Wednesday, Oct. 1, 2025, at 8:30 a.m.** Passengers and airport visitors will be able to traverse between the terminal and parking garage, ground transportation, shuttles and Rental Car Facility.

As a reminder, on the west side of the terminal, both the lower and upper levels of Crosswalk 5 are open for direct access between the parking garage and terminal. On the east side, the lower level of Crosswalk 1 will be open for pedestrians.

This work was part of the Concourse E Project at Southwest Florida International Airport (RSW). The Lee County Port Authority will continue to post updates on the airport's [website](#) and [Facebook](#) to help travelers and airport users become aware of changes due to construction. We appreciate your understanding as we increase capacity, airport efficiency and provide passengers with more amenities and options at Southwest Florida International Airport.

**SEPT. 30, 2025**
