Leader Break Room: We know that while the students may be used to staying up all night we know that most adults have better things to do at night than to be awake. That's why when you arrive at 7PM you will not only get the most up to date rules, games, and information about the night but you will also get escorted to a Leaders break room that **only leaders** are allowed in and that will be a great relaxing place with snacks, drinks and more for you to take some minutes through the night to grab a quick breather.

Leaders the most important thing about this event is to be able to answer these questions:

- *Who did you get to know?*
- *What did you learn about the kids?*
- *How can we support those kids better?*
