2020

What you are looking at is Grand River Avenue looking towards the northwest from Cloverdale street. On the left you can see a thriving cityscape. The Beverly Theatre, Baker Shoes, Federals Department store, and across the street Sears. The same view 70 years later is a sea of retail nothingness. Caused by racism. When Blacks moved in whites moved out. The corporate merchants soon followed. Leaving empty storefronts. The Sears was torn down years ago. The Beverly is now a church. Federals is a church too. On the northeast corner of Grand River and Oakman is a Beauty Supply store. Next to that is a Men's Wear store. Other than that...NOTHING! We have to do better!. Mayor Duggan are you listening!?! You have to start selling Detroit! The city is surrounded by over 4 million suburban residents. Attract 10% of them and Detroit will THRIVE again. Call TMS. We'll help.. COVER STORY

George Floyd Murder Aftermath: Protests are Happening Worldwide Is Real Change on the Horizon, or Will the Movement Be Forgotten by Autumn?

Here in Detroit, Black men get murdered almost every day. Can anybody out there truly say we are affected by that fact? I am sure some of us are adversely affected, but many Detroiters aren't. For many, violent crime is chalked up to life in the big city. What makes the case of George Floyd different? First, have you seen the video? It's appalling. The murderous Minneapolis, Minnesota police officers involved should all be convicted and receive lengthy prison sentences. Second, the world is responding because Black Lives do not seem to matter. **Travon Martin - Michael Brown - Eric Garner - Tamir Rice - Freddie Gray - Walter Scott - Philando Castile - Stephon Clark - Atatiana Jefferson** have ALL been killed by police or white citizens. In addition to the Floyd case there are at least 3 other current situations where Blacks have lost their lives to racism. In Louisville, Kentucky **Breonna Taylor** was shot several times inside her home. In rural Georgia, **Ahmaud Arbery** was chased down and shotgunned to death by 3 white men. It's been over 60 years since the **Emmett Till** murder. Nothing has changed. The U.S.A. is laser focused on this issue. Still, that didn't stop Atlanta police from killing **Rayshard Brooks** by shooting him in the back. This madness has to end!

THE SOLUTION

Pressure the Racist Mass Media to Advocate for Black People

Some of you might believe the mass media is not racist. You may think: "I see Blacks on CNN, MSNBC, FOX, CBS, and NBC, both as hosts and interviewees." For those of you who think like that, we say, YOU ARE THE PROBLEM! You trust the mass media. You shouldn't. You must begin to question EVERYTHING you see on TV NEWS. Television producers are savvy. Do not be fooled by the color of the skin of the person you see on TV. The only color television executives care about is GREEN! Strife equates to big ratings, which, in turn, equate to big profits. Television news could care less about societal change. Their Black hosts are paid employees, and their Black interviewees are usually promoting a book, or paid consultants. The proof is in the pudding. Has the tough talk of affluent Blacks on TV news produced any results? NO! These people are there to pacify you. Malcolm X would've called them house Niggers.. The words of Martin Luther King have never been as relevant as right now. WE MUST JUDGE A PERSON BY THE CONTENT OF THEIR CHARACTER, NOT THE COLOR OF THEIR SKIN. It's time for the USA to stop being manipulated by the mass media. Especially TV news. Here's what needs to be done. 1. Start watching national newscasts intelligently. QUESTION EVERYTHING! 2. Guests must question the hosts. Most TV interviews are staged. When a white TV host questions a black guest about racism it sends a false message the network cares about change. (They don't). The Mass Media keeps systematic racism alive. Corporations worldwide are denouncing racism. Except the companies that bring us the news. All 24 hour cable TV news channels must be pressured to run Public Service Announcements, 6 times per hour, condemning systematic racism. Questions? Ask us on our Contact page.

DETROIT

Unfortunately, Racism Within the City Limits Lives On A Loyal Reader Sent Us this SHOCKING Photograph

Detroit is over 80% Black. Believe it or not there's a neighborhood in Detroit that's mostly white. It's Harbor Island. An enclave located on the lower east side (see map) that many Detroit residents do not know exists. What follows is a message to The Monthly Standard (TMS) from a concerned Harbor Island resident: *"This is a White Family in my Neighborhood who has a BLACK FIGURINE in the backyard sitting on the Boat Dock with a noose around its neck."* I asked what's their name? Reply: *"I'm too close to these folks. They carry...So obviously this is an anonymous tip to you."* The family the neighbor wrote TMS about is the Dufort family. We were not going to print their name, until, we received a phone call from Marjorie Dufort. She is not happy about the negative attention her family is receiving. "We've gotten death threats over this!" William Dufort contacted TMS through the Metro Detroit Crime & Homicide page on FACEBOOK. He stated: *I'm saying it was not my fathers house. It was a few houses down from his house.* A second neighbor requesting anonymity says: "That's not true! I know their big flower pot." Another point of contention is the color of the mannequin. Marjorie Dufort says: "We've had the statue for over 40 years. It's always been black." A neighbor disagrees: *The mannequin was white before. Only recently was it painted black with a noose placed around its neck.* Marjorie Dufort stated: "I don't know how the rope got around his neck. We put a rope around his waist. That's about it." If the purpose of placing a rope around the neck of the figure was to intimidate, the objective was achieved. The second concerned neighbor continues: "It scares me that you could live among us and do something like that. It makes me wonder what else you are capable of?" The same neighbor stated: On May 29th they (the Dufort's) got a visit from the police. Soon after, the statue was removed. Marjorie says: "I'm sad I that can't put my statue on my dock. It was owned by my parents, and before that my grandparents." Dufort continues: "A lot of people are mad at us right now. I apologize from the bottom of my heart." Will the Black neighbors accept her apology? Maybe. If the Duforts personally apologized to the few Black families on the island reconciliation and friendship could ensue. True sincerity would go a long way towards removing the feelings of divisiveness and fear caused by racial insensitivity and hate. The Monthly Standard will monitor this story and report updates.

MOVIE OF THE MONTH

This edition of The Movie of the Month is going to be different. We are going to feature video's of two of the greatest civil rights leaders in American history. Dr. Martin Luther King Jr. and Malcolm X. The video's show that systematic racism in the USA is deliberate. It has to be. Otherwise we would not be facing the same issues from the 1960's in the year 2020. The first video is from Dr. King. It's entitled, "The Other America." It was recorded on April 14, 1967 at Stanford University. King speaks about racism, segregation, unemployment, white backlash, and many other issues that are still relevant today. We have multiple Malcolm X videos for your enjoyment. Again, the issues are pertinent today. The first Malcolm X video was recorded in Los Angeles, California in 1962. Malcolm asks the question: "Who taught you to hate yourself?" The second Malcolm X video is from the CBC Front Page Challenge. The show was recorded on January 5, 1965. The show is the Canadian version of Meet The Press. Malcolm handles himself well. Interviewers try to slip-up Malcolm X with no success. Watch on our website. www.themonthlystandard.news

How to Heat your House for Free

GEOTHERMALIs free, it belongs to "MOTHER NATURE"
You simply drill a 200 ft/ 300ft well and you can bring up 55-degree
inexhaustible temperatures, year-round....Free

The "HEAT PUMP" is a device that is designed to heat and cool your home by using energy from these Wells at a much lower price than Natural Gas and Oil in Winter.

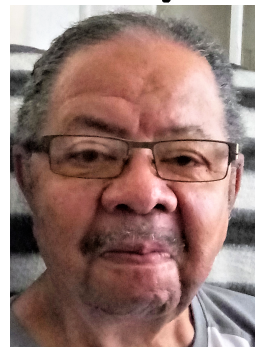

This energy source could be made more available by the Government with subsidies making the change to Geo-Thermal Heat more competitive but that would defy the Energy Companies.....Duh.

They are controlled by "BIG MONEY"

People are Seemingly Heeding the Message of Dr. Martin Luther King Jr.

"Judge People By the Content of Their Character, Not the Color of Their Skin"

Here at The Monthly Standard (TMS) we feel vindicated. For years, we've been SHOUTING that racism is the most important issue facing the USA. We hate that George Floyd had to sacrifice his life to wake people up, but, we predicted that too. We said more defenseless Blacks would die because of racial hate, and it happened. We're not proud of this fact. Our acknowledgement is NOT a boast. IT'S A WARNING! More Black men, women, boys and girls will lose their lives as the victims of racial hate if: 1. White people treat this phase of protesting as a fad. Right now everything looks great. White people are carrying Black Lives Matter signs all over the USA. Will that be the case 3 months from now and beyond? 2. Protesters ignore the true villain that keeps systematic racism alive and well. THE MASS MEDIA. The negative depictions of Blacks in the movies last forever. Also, just because a network covers the George Floyd story and interviews a few people that support the protesters, that does NOT mean TV networks are on the side of Black people. Their objectiveness proves their racism. The mass media cannot be allowed to sit on the fence. The mass media must PROVE they are not racist by making a choice. WAKE-UP PEOPLE! Stop allowing the mass media to manipulate your mind. TV networks must report that AOL referred to Blacks as the N-Word and covered it up & that Major League Baseball is complicit because they are protecting the minority owner of the New York Mets who created the Cover-Up for AOL's Steve Case.

White People are Marching to End Systematic Racism -WILL IT LAST?

It's good to see white people in allegiance with blacks concerning racism. Sadly, many whites want to keep the American tradition of racial hate alive. Our Harbor Island article proves that fact. **RACISM SHOULD BE AT THE FOREFRONT OF EVERY NEWSCAST 7 DAYS A WEEK.** This scourge should be dissected and analyzed at every angle. Only then will American society be free of the inequality racism creates. Accountability for the mass media is a must! Without it we become doomed puppets.
