Hi Everyone,

Winter is over, and Spring is here. Warmer days will be here soon, and our fairways will start greening up and growing again. This will give the Monday volunteers something extra to do.

We are in the middle of our newest project. The clearing that is behind our information board will become a practice net and a practice putting green. Turf has been ordered, and when that gets laid, things should move along a lot quicker.

SHED REPORT: Spring 2025

Well, what a start to the membership year 2024/2025. With ill health getting in the way, things slowed down a bit at the shed.

Also, during this time we had the unfortunate news of the loss of three of our members: Anne-Maree Ameer Beg, wife of our President Ted, passed away after a short battle with ill health.

John Edwards passed away earlier this year after making a great impact on the shed with his enthusiasm for and encouragement of the machinations of the shed.

Rob Roberts, a member in the early years, who left the district to pursue work opportunities, recently returned to Golden Beach and rejoined the shed.

Unfortunately, after a long battle, Rob recently passed away.

All three are missed and have been commemorated with a plaque of remembrance on the wall above the stairs to the upper level of the shed.

Meanwhile, the shed continues to offer opportunities to our members and the George Gray groups to participate in activities at the shed.

The George Gray Centre sends a group on Tuesdays and another on Thursdays. Both groups enjoy their time at the shed.

Towards the end of 2024, as requested by the members, John C. organized a replacement for the container we had. This arrived mid-December and in the new year it was painted with an industrial two-part epoxy paint. John and Brian arranged for the purchase of Dexion shelves for the container, these have been fitted and are in use. The team also arranged for a concrete ramp to be poured to allow easy access. Thank you to Bruno for his help.

p. 2 of 2

Over summer we were approached by Ambulance Victoria, Sale asking us about the placement of a defibrillator at the shed. In the past we had a defib but the cost of replacing the battery was prohibitive. With the defib being registered with Ambulance Victoria, they are responsible for its maintenance. Thank you to Ted, John C. and Brian for fixing it to the outside of the shed near the front door. This placement was made possible by the installation of security cameras by Dallas Beechey. Thank you, Dallas.

FOR SALE NOW

We have had several orders for bat/possum and bird boxes. After some planning and constructing we have completed most orders and have a number of bat and possum boxes in store for future sales. Now onto the bird boxes.

The office needed refreshing. Thank you to Greg Lock for his advice on the window frame. Between Ted preparing the timber and Brian constructing and fitting the frame with help from John C. & Bruno G., the office was ready for painting. To this end John Bakker has done a splendid job. Thank you.

We are also preparing for Christmas, and we are looking for ideas of things to make. We found online, plans for the construction of a 2" x 4" (75mm x 45MM) Christmas tree.

It stands about 3' (1.0 m) tall.

A very good friend of the shed happened to call in while Brian and the team were constructing one and ordering eight.

Happy days.

We also have at the front of the shed a metal obelisk (garden frame) that we can take orders for.

Recently the VMSA Road Show visited Sale, a day packed with health resources, shed support, fun activities and a fully catered event. Ted attended on our behalf and by all accounts had a good (long) day. Thank you, Ted.

START PLANNING NOW

In an emergency call
Triple Zero (000)

Are you burning-off safely?

For many people, burning-off vegetation is an effective way to prepare and maintain properties. Unfortunately each year CFA crews are called out to help people who lost control of their burn-off.

Here is some simple advice to stay safe when burning-off.

FIRE DANGER PERIOD

You can only burn-off if you have a written permit issued by the Municipal Fire Prevention Officer or the CFA District Office.

TOTAL FIRE BAN DAYS

All fires in the open air are banned during Total Fire Ban days.

Any permits are suspended for the duration of any Total Fire Ban days.

Have you checked your council's local law regarding when and where you can burn off?	You need to check your council's website for local laws to ensure you're allowed to burn off. Your council may have regulations and certain days that you can burn. If CFA has declared the Fire Danger Period for your municipality, open air burning is prohibited unless a specific permit is obtained. Fines for burning off during this time without a permit can be up to 120 penalty units and/or up to 12 months' jail.
Have you checked the weather?	Check weather forecasts for the day of your burn-off and a few days afterwards. If more than light winds you should postpone your burn-off. Also check it won't be too windy on following days, as the wind can reignite your burn.
Do you have an adequate water supply?	You need to have enough water to extinguish a possible outbreak. For small fires, it's recommended you either have access to a hose or at least 10 litres of water. For larger fires appropriate firefighting equipment and/or machinery may be required.
Clean up around your burn site.	Create a 3-metre clearance of all flammable material around your whole burn-off site.
Have you registered your burn-off?	Register your burn-off by calling 1800 668 511 . This will ensure CFA won't be called out unnecessarily to your burn-off.
Have you notified your neighbours?	Ensure you are considerate of your neighbours when burning off. Notify them if you are in close proximity and the smoke may affect them. Also burning items that are wet or green may cause excessive smoke.
Have you put it out properly?	Make sure there are enough people to monitor, contain and extinguish your burn-off safely and effectively. Ensure that your burn-off is completely extinguished before you leave it.

**WELLINGTON
SHIRE COUNCIL**

The Heart of Gippsland

Welcome to Spring

Activities at the centre during Winter slowed down considerably. Volunteers offered free Table Tennis sessions during school holidays and casual craft lessons Saturday mornings.

Wellington Outreach library service operates from the meeting room every Thursday 10am – 11.30am. If you have a library card you can go online, order your books, request outreach delivery and collect your books on a Thursday morning. We offer a recycling service for print cartridges, pens, CD's, phones, and household batteries etc. Just drop them in the slot at the front door.

Craft Group The group have received some wonderful donations of wool and were busy knitting beanies, children's toys, garments and blankets. Beanies went to support the oncology department at Sale and items were sent to KOGO, a charity that supports the disadvantaged in our community. Other garments and blankets are sent to missions with a similar goal. Visitors to the area have joined in for the social afternoons. Wool is available for anyone interested in knitting for charity. Call in any Tuesday 2-4pm.

Roof Repairs We are pleased to report that essential roof repairs will be undertaken by Tequa in September. This project is funded by Wellington Shire Council with a small contribution from the committee of management.

Maintenance We will be making some changes in the main hall in regard to storage areas and will be working with the GB Men's Shed on this project. We also hope to replace the carpet on the stage and make some minor alterations. Monthly maintenance includes monitoring essential safety tasks and using contract workers as required for specialist tasks.

Christmas Display Thanks to Christine at Loch Sport, we have been the recipient of a number of tubs full of Christmas decorations. We will be working with volunteers, the GB Men's Shed and artists to install window displays with Australian Christmas themes. We propose the display will open mid-December and close the 2nd week of January. If you are interested in joining us to create the display you will be very welcome.

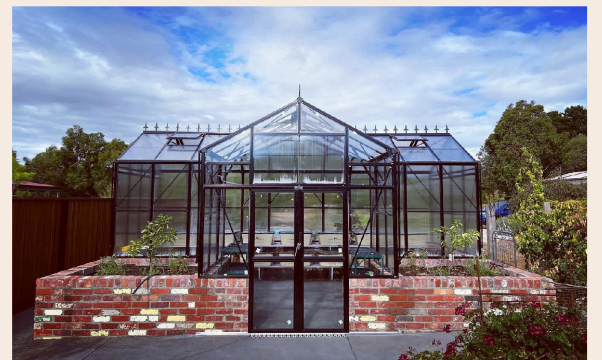

Social Media Thank you to Sonja for managing the social media posts each week.

Volunteers – We are looking for people with admin skills and creative ideas. Do you have 1 hour per week to support the community centre? Pop in and have a chat with us.

The venue is available for hire. Email us and we will send you the hire forms and additional information from Wellington Shire Council.

Stay Safe, Stay Well, and support each other in our community.

Welcome to Spring!

During Winter essential maintenance and fundraising events kept the committee and volunteers busy.

Christmas in July We had a wonderful night celebrating mid-winter with lots of prizes and a bit of fun trivia. Thank you to Spoil Yourself Hair & Beauty, Louis Botha & GB Real Estate for donating prizes. Thank you to the committee and kitchen staff for coordinating a successful night.

Father's Day Raffle Tickets have been sold during August for 3 great prizes. The money raised will help fund maintenance on the reserve. Thank you to Spoil Yourself Hair & Beauty, Ginny and others who donated prizes.

Golden Beach MCC Thank you to the organisers of the 6hr event for supporting so many local businesses by purchasing local goods and services. VMMR volunteers were once again happy to assist in catering the lunches for the organising group.

Maintenance The committee acknowledge the support of Wellington Shire Council by providing funding for the installation of a new deep fryer in the kitchen, to replace the old unit fitted in 2011.

Risk & Maintenance Thank you to Brett from AMEC for assisting with some essential electrical work. We report monthly on Essential Safety Measures for the building, owned by Wellington Shire Council.

Vegetation Volunteers have continued to remove excess vegetation and register controlled burns of green waste during winter. Our great volunteers have kept the mowing under control and everything is

looking good. Costs associated with the service and maintenance of equipment and mowers used weekly is partly funded by WSC and from fundraising efforts and donations.

Significant changes have been afoot with the wind farm developers since the Federal election last May. BlueFloat have decided to relinquish their lease, and Origin (Navigator North) have all but paused local engagement. Only time will tell how the remaining 3 wind farms (Navigator North, Blue Mackerel and Iberdrola) which directly affect our community will develop.

GB Energy recently appointed Erin Lord as their new Stakeholder Engagement Manager and are eager to collaborate closely with the Fund to explore future community opportunities. You can meet Erin for a coffee on the first Thursday of every month outside the general store.

The Gippsland Coastal Assembly was held in July, with the report being formally presented at this year's Gippsland New Energy Conference in September. Find out more information about the GCA at <https://www.gccn.org.au/Gippsland-Coastal-Assembly>

Plans for our "town hall" Q&A sessions are taking shape for October. However, Wellington Shire Council cannot assist with our request to contact landowners directly. So if you have ideas to help us reach more landowners please get in touch, as we appreciate your support in strengthening community engagement.

The GPBCDF wishes to thank Wellington Shire Council for a Quick Response Grant that we used to purchase a laptop to support our ongoing work.
