HOW TO UNLOCK THE BLESSINGS THAT COME WITH 2019

The plan of the Lord for you this year is better than that of the previous years because the path of the just is as the shining light, that shineth more and more unto the perfect day. There is no doubt that God has something good in stock but the only way you can access these good things is through the altar of sacrifice and prayer, that is the importance of this prayer manual. This book is for everyone who desires to unlock the blessings that come with this year.

There is no better way to begin the year than from the altar of prayer.

This is what the Lord is saying concerning you.

"I will subdue nations before you; and I will lose the loins of kings, to open before you the two leaved gates; and the gates shall not be shut; I will go before you, and make the crooked places straight: I will break in pieces the gates of brass, and cut in sunder the bars of iron: And I will give you the treasures of darkness,

GREEN CARD APPROVED AFTER 30 YEARS

Most often when people come to America for greener pasture, the best thing anybody will wish his or herself is the ability to have the right documentation and be on the path to citizenship. But sometimes it's easier said than done. Such is the testimony of Sis Beatrice (not real name). Having filed for her citizenship, her case was drag and delayed from one story to the other not for one year or two but for over twenty-nine years.

Anyone who has been in this country will understand the agony she might have been going through for living without a green card for such a lengthy number of years. But as the Lord will have it, she finally secured a date to appear in the court which will determine her future in this country. That was when she reached out for prayer and we agreed together in prayer

that was a day before her court appearance.

According to her testimony ***"I bless the name of the Lord who shows up in the courtroom on that day, it was as if the angels took charge of the whole scene. I was so afraid that I have to go with my children in case they decided to deport me but to the glory of God, my green card was approved within minutes."***

The purpose of this testimony is to assure our readers that may be in that same situation that God who did it for this sister is still available to your own, in Jesus name.

THE NEED FOR SPIRITUAL AWAKENING

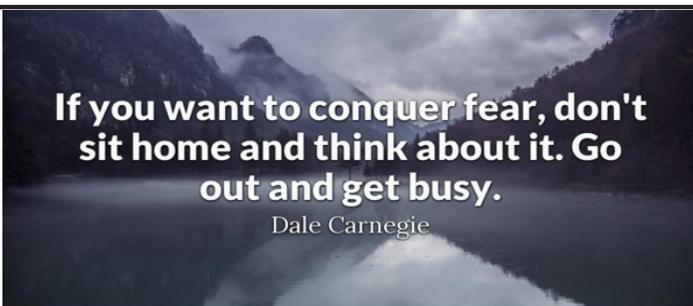

-Sam Hunsu

What we desperately needed individually, collectively and as a church is spiritual awakening. The revival must start from you and me because what you don't have, you cannot give. We cannot continue to operate at this same level spiritually and expect things to be better physically. A lot of warfare is going on spiritually but many of us are not aware or aware but don't even know what to do.

Many of us, our love for Christ are getting cold. We have allowed our daily needs to overwhelm us that we do not have time for God and His things anymore. We have allowed worries and the things of this world to take our heart from God.

As you are reading this, maybe that spiritual gifts, potentials, talents, the seed of greatness that heaven has deposited in you are no longer functioning. By the grace of God and with the help of the Holy Spirit before you finish reading this book there shall be an awakening of those gifts, potentials, talents, the seed of greatness, inherent abilities, and divine endowments, in the name of Jesus.

Doctors Says I Cannot Conceive

Whose report will you believe? The report of the Lord or the doctors? This testimony is a testimony of a sister in our church who is believing God for the fruit of the womb and upon visiting the hospital the doctor told her she cannot conceive because she did not have enough egg to fertilize.

She was later given an appointment to come for her treatment, before the appointment she came to church the following week and a word of knowledge was released and she keyed herself into it.

On getting back for her treatment, the doctor discovered she is pregnant. The sister had just delivered a bouncing baby

to the glory of God. As you key yourself into this testimony, your season of fruitfulness is now, in Jesus name

I WAS GIVING 90 DAYS TO LEAVE AMERICA

The God we served is still in the business of doing miracles. The above caption is a testimony of a brother in our church who submitted his documents to U.S. Citizenship and Immigration Services (USCIS) for a change of status, the next mail he received was for them to inform him he has only three months to stay in America and that he should prepare to be

deported.

I believe that is not in any way good news for someone who is already excited that his status is about to change. But the brother refused to be discouraged and he intensifies in prayer and we keep declaring God's word concerning him and the situation. After a few weeks, he got another letter, and this time around it was a letter of apology from the same office that the previous letter was a mistake.

As at the time of writing this testimony the brother had already received his working permit and his interview date has been set, all to the glory of the name of God. If you are reading this and your case has been rejected, you will be accepted back, in Jesus name.

As you follow and obey every instruction in this book, I agree with you that this year

The OUTPOURING of the Holy Ghost by Witness Lee

Apparently, the outpouring of the Holy Spirit is hard to experience, but in actuality it is very easy. It depends on several things. First, it depends on our need. Do we truly sense the need for the outpouring of the Spirit, or are we just talking about it?

Many Christians today do not sense the need of the Holy Spirit upon them as power. We should ask the Lord to cause us to sense the need. We have the Spirit already, but we need to apply the Spirit and experience Him. If we do not have the need, there is no need to talk about this.

Second, we need a special, specific consecration. If we sense the need, we must consecrate ourselves again to experience the Holy Spirit as power upon us.

Third, we must be obedient. Acts 5:32 says that God gives the Holy Spirit to those who obey Him. If we never deal with the Lord, we will not know how disobedient we are. In the previous century, a certain sister sought the baptism of the Holy Spirit

Seeking this experience, she prayed and consecrated herself to the Lord. Women at that time had long hair, which they wore high on their head. When this sister prayed, she sensed that the Lord was demanding that she “tear down the tower” on her head by cutting her hair. However, she would not obey. One night when meeting with some Christians, she prayed, “Lord give me the experience,” but the Lord said, “Give me your hair.” Eventually she made the decision to obey the Lord and cut her hair, and at that very moment she experienced the baptism of the Holy Spirit.

There are many stories such as these. Some persons could not experience the power of the Holy Spirit simply due to one sin. This shows us how we must be obedient. If we sense the need for the Spirit and we consecrate ourselves to the Lord, we must be obedient.

Fourth, if there is no struggle between us and the Lord, we may simply receive the experience of the Spirit by claiming it. We should not care about our feelings; we should just receive by claiming.
