The St Matthew house, 404 4th St. S, Dundee, Fl.

Please reply before March 25th to Waymon by  
phone and text 863.287.5981

## Characteristics of Quality Homes: High Quality Materials

However, once you look past that into the walls and materials used, you can always see where the low quality begins to show. You need high quality materials through ALL the house, from the drywall to the insulation to the plumbing material. Aug 18, 2016 Google

### How To Check The Construction Quality Of Your Home

- Determine the soil type.
- Check the structural design.
- Inspect the wall thickness.
- Check the[ drywall] quality.
- Quality check of fitting & fixtures.
- Assess the quality of the concrete mix.
