# A Tribute to Gianna and Kobe

Kobe Bryant has been an inspiration to so many people around him. After many heard the tragic news about his passing along side with his daughter many could not believe it. He was an incredible Basketball player with passion with what he was doing with his life. Not just that, he was an amazing father. His bond with his family was unbreakable and no one had ever seen such a happy family.

He went on to say that the oldest was professional in volleyball and the smallest was well to small but that middle one was something else. He said that she would be the one to carry on the family tradition and make her dreams of becoming an amazing basketball player just like her dad. That middle one unfortunately was Gianna. Gianna was a sweet and caring person with such a gift. They may have been taken from everyone but they both died with each other. Kobe died along side his best friend, his daughter.

Dunedin Falcons baseball has already had their first regular season game this year on Monday, February 18 against the Mitchell Mustangs.
