The only mythical creature in the Chinese zodiac, the dragon has long been associated with prosperity and imperial power

In January, to celebrate the Alpha Kappa Alpha Sorority, Incorporated Founders Day Service and Sisterhood Project...The South Cobb High School Alpha Kappa Alphas did a thing.

The call went out and was received to collect student school supplies to donate to Hendrix Elementary School.

Nothing stopped our project from moving forward, not even a surprise school closing.

I was privileged to accompany Mrs. Stennis when these supplies were delivered with an open heart and mind to the Principal and Vice-Principal of Hendrix Elementary School.

*Shout out to the sixteen lovely ladies of Pink and Green:*

**Did You Know? Women’s History Month started as Women’s History Week . . .**

Women’s History Month began as a local celebration in Santa Rosa, California.

The Education Task Force of the Sonoma County (California) Commission on the Status of Women planned and executed a “Women’s History Week” celebration in 1978. The organizers selected the week of March 8 to correspond with International Women’s Day. The movement spread across the country as other communities initiated their own Women’s History Week celebrations the following year.

In 1980, a consortium of women’s groups and historians—led by the National Women’s History Project (now the National Women’s History Alliance)—successfully lobbied for national recognition. In February 1980, President Jimmy Carter issued the first Presidential Proclamation declaring the Week of March 8th 1980 as National Women’s History Week.

The campaign theme for International Women's Day 2024 is  
**Inspire Inclusion**

When we inspire others to understand and value women's inclusion,  
 we forge a better world.

And when women themselves are inspired to be included, there's a  
 sense of belonging, relevance, and empowerment.

Collectively, let's forge a more inclusive world for women.
