Ready, set—in stone batches 05—07 are now available! The collaborative series between Gino Belassen and Augusta Smith connects the second and third dimension, eternally setting

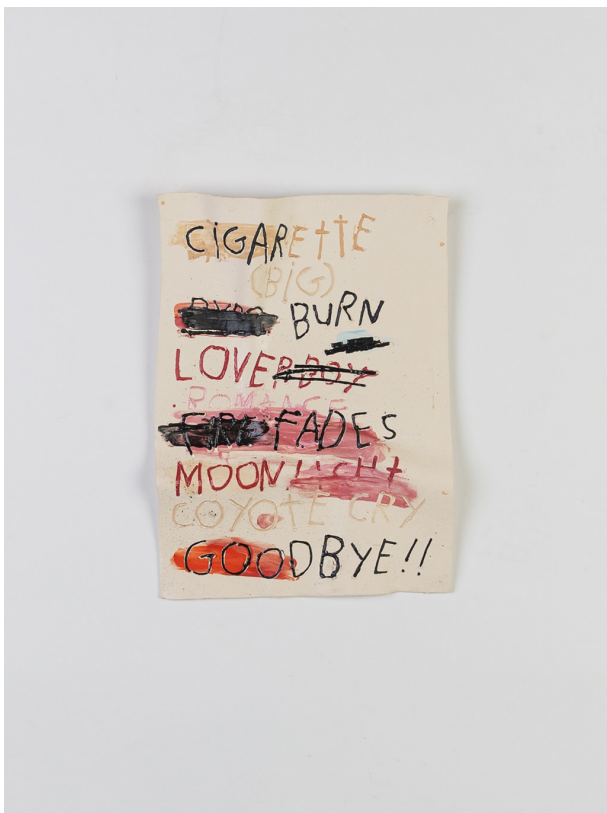

Belassen's iconic "essentials" lists on paper, into stone.

Included in this catalogue are the entire batch n.05, and select pieces from batches 06 and 07. Each piece measures at 16x12" before firing. *Remember: there is absolutely nothing wrong with

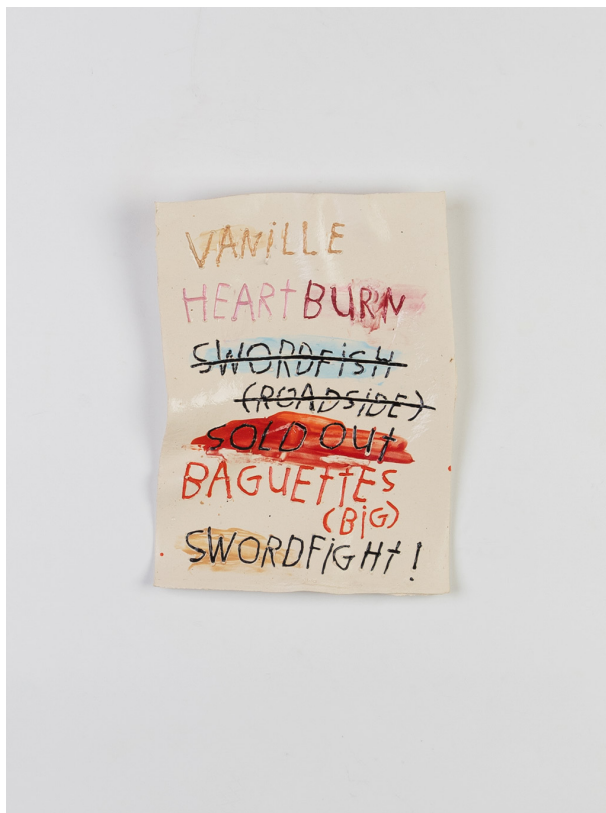

...a little shrinkage!* Made within the walls of the HandsEyesMind studio in Phoenix, the sculptures are signed, laser-engraved on verso, wired and custom crated.

Batch 05—07 Select Work "Catalogue" will release online 05—07—2023.

Like 01—04, -it does not open. You cannot flip through the pages—and even if you could, it wouldn't really teach you much. It serves no practical purpose... to most. But to us, it represents an entire year's (body of) work, filled with 10 of the best ceramic "essentials" lists of 2022-23."
