

Custom Car Corner!

With Hunter and Sawyer - Grade 7

Welcome!

LOWRIDER

This is the lowrider of the century right here this is unbelievable. This thing cost around 100k.

BAT MOBILE

This is the freaking Batmobile in real life you should get this thing if your in you hero era.

AUSTRALIAN ROAD TRAIN

This is a road train in Australia they use these bad boys. For carrying supplies or for mudding.

LIFTED SMART CAR

This is a lifted smart car limited edition sand runner. You can by this from facebook marketplace for 28K.

LIFTED WAR TOYOTA

This is for Toyota lovers we have created the Camrey destroyer baby. This thing runs around 10k.

This is the 1920's Rat Rod.

This is the Monster Lambo. It would be good for running cars over if they are in your way. This lambo runs for 6 mil wow! This thing pushes 370 horsepower.

This is the not so mini cooper this would be the best car to buy if you liked mudding and to look classy. This is around 25 to 30k. This thing also has 161 to 201 horsepower.

This is the 2024 amphibious car, this thing can drive on land and water so this would be so helpful for fishermen or crabbers. This thing will run you 82,500 dollars if you want to cop it.

This is the Mega Limo, this would be the best thing if you are inviting your whole family to a fancy dinner! This would run you 20,000 dollars wow!

This is the Lifted MK4 Supra!
This car has 400 horsepower and
this car is like over 100,000
dollars!

Thanks for reading! Stay tuned for our next issue of "Custom Car Corner"!
