

IS LEBRON THE
GOAT?

By Zachary

Grade 7

Lebron is the best because he has the most points ever, has 4 championships, and he has one finals MVP for every championship he won , he also had 4 regular season mvp. Lebron also has career averages of 27.1 points, 7.5 rebounds, and 7.4 assist which is a full two more assists than MJ.

Lebron also has a better 3 point percentage and field goal percentage. I feel like lebron played against better players, he literally played a player who has the best shot in the entire world. Lebron even came back from being down 1 -3 against a super team. At 39 years old he carried his team to the Olympics and won the mvp. Lebron James led team USA in points, assists, he was tied for the most rebounds, and field goal percentage. That 10.2 assist is the highest average in team USA history.

James has a total of 20 all star appearances of all time. In all of the 20 all star games he has totaled up 434 points, 114 assists, and 114 rebounds, 523 minutes. He has 3 all star MVPs. James' career high is 61 points. This is why Lebron is the goat, like Nick eh 30 said never back down never what, Never give up!
