NBA IS BACK!!

Top 10 Players Heading Into Season!

10. Jalen Brunson

Jalen Brunson. We think he is one of the best offensive players in the entire NBA the only thing we think he really struggles with is his defense because he is a small guard.

9. LeBron James

LeBron James. This is probably his last year in the NBA and he is going to do pretty well with the team the Lakers surrounded him with after trading for Luka Doncic and signing Deandre Ayton. He has always been one of the best players in the NBA ever since he got drafted.

8. Anthony Edwards

Anthony Edwards. He has been the best player on the Timberwolves for the past couple of years and always gets them a playoff spot the last two years they have been in the conference finals with him leading the team. We just don't think he can make it to the finals leading a team. We think he needs another player to help him out that's why he is low on this list.

7. Cade Cunningham

Cade Cunningham. He has been through the worst with the Pistons they went from one of the worst teams to a playoff team he has shown great leadership and has been one of the best players in the league.

NBA RETURNS!!

TOP 10 Players Heading Into Season!

6. Donovan Mitchell

Donovan Mitchell. He has been good for the most of his career especially when he got traded to the Cavaliers. He has just been so good but not top five good.

5. Luka Doncic

Luka Doncic is at five because he is one of the best players in the NBA. He is going to lead his new team the Los Angeles Lakers to at least a playoff spot. He is going to work well with the new roster.

4. Jayson Tatum

Jayson Tatum is number four because he is one of the best players in the NBA right now. Coming off of his achilles injury, he is going to be insane when he comes back healthy.

3. Giannis Antetokounmpo

Giannis Antetokounmpo, who is getting older just lost his star point guard. We just don't think he is at his full potential like he used to be. That's why we would have to put him at three because these next two guys are just better than him.

NBA STARTS UP!!

Top 10 Players Heading Into Season!

2. Shai Gilgeous -Alexander

Shai Gilgeous-Alexander. He is easily one of the best in the NBA by far he just came off of an amazing season averaging 32-5-6, an MVP, finals MVP, and a championship. We just don't see him being at one over the guy we're putting at one.

1. Nikola Jokic

Nikola Jokic is easily the best player in the NBA. We even think he was snubbed from MVP last season. He has led the Nuggets most of the seasons he has been with them. He makes his team better than they are every year and that's why he is at one.
