WHAT'S SO GOOD HERE?

The inside was really clean and the staff were really nice. They were really quick at getting our order ready!

There were so many flavors that they had and they all looked really good. It was so hard to choose!

Their soft serve ice cream is so creamy. They have a ton of specials that rotate every week to keep things fresh!

Also, if you can't decide on what you want for ice cream you can get a flight of 4 different flavors to see what kind you like!

One of the best parts of Sundaez is that they have something called The Pup Cup which has vanilla ice Cream with Peanut butter sauce and a homemade dog treat. It's a nice cool treat for your furry friend!

Some other reviews say that "You know the ice cream is good when you have a line out the door in February." A bunch of other people have said the same!

Other options:

Maine Black Bear

Snickers With Snickers
