Tavern on the Greens: Customer Reviews!

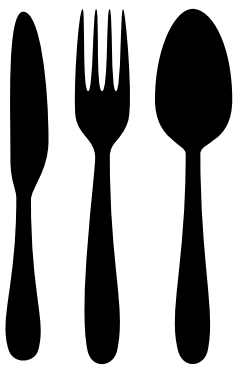

One review from Chris said: “Another fantastic example of culinary excellence at a golf course. The place is spacious, clean, and the staff are attentive. Best of all the kitchen is putting out top quality food really fast. Worth getting off Route 202 and venturing into Hillsborough to eat here any day.”

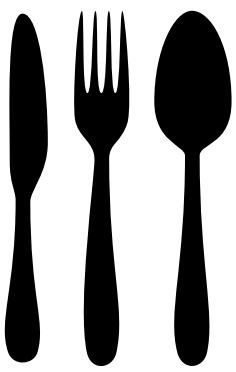

Another review from Mileena said: “Me and my boyfriend traveled here from Maine on our way up to camp, and he recommended this spot. I’ve had gimmicky, pricey, golf course food before but this was SO much better than I thought! The food was well portioned, hot and really good! What I enjoyed about it the most, was the wonderful service Brenda gave us. She was the lone server/ Bartender on a Saturday afternoon on Memorial Day weekend. She was kind and speedy.Apologized about the wait when I’ve gotten much slower service in fully staffed restaurants. All is to say that she was AMAZING and the food was really good and I will definitely be coming back whenever I make the trip down again.”

A review from Heather: “We spontaneously chose this restaurant and it didn't disappoint! The live music from Lu was phenomenal. The service was awesome; our waiter was Brittany and she was super friendly. The food was so so yummy! No complaints whatsoever. We highly recommend this place and will definitely be back time and again!”

Last but not least, a review from Jill: “Everything about this place is great! Hubby and I went for our 44th wedding anniversary dinner, and it was so nice. The atmosphere was laid back, the drinks were really good, and the food was cooked perfectly. If you're in the area, try it, you won't be disappointed. ”
