Todays Organ Music

Organ Prelude: Johann Sebastian Bach (1685-1750): Prelude & Fugue in C Minor for organ BWV 549
Organ Postlude: Johann Sebastian Bach (1685-1750): Prelude & Fugue in C Minor for organ BWV 549

The Prelude of BWV 549 opens with an amazing pedal solo, based on a rising sequence of 3-note figures, highlighted by the characteristic 'intake of breath'. The main material of the Prelude builds on the pedal's figures, with an almost melancholy gravitas. Of particular interest are the block chords heard around the half-way mark that contrast with the spun counterpoint, as well as a certain simplicity to the harmony. The simplicity carries over to the Fugue, with its long melodious subject, written as though with a silent text. Texturally, there is an audible similarity with Prelude – compare the manual's block chords when the pedal finally enters (after a lengthy manualiter exposition).
