Organ Prelude: Johann Sebastian Bach (1685-1750) Prelude and Fugue for Organ in F Minor, BWV 534

This is an unusual composition written in Weimar around 1717 in the key of F Minor, which in the Baroque era was associated with feelings of noble sadness and longing. In Prelude as well as in Fugue, the rising theme includes motifs which Bach frequently used to describe the glory of God, while the descending theme includes sequences of half tones which he used to describe pain and suffering.

Organ Postlude: Johann Sebastian Bach (1685-1750) Prelude in G-Minor for Organ, BWV 535

This prelude was probably one of Bach's earliest works. Bach may have written it directly after making acquaintance with Buxtehude in 1705, after he travelled on foot some 250 miles to Lubeck to hear the old master, who constructed his preludes – as Bach does here – in neat, well-defined movements. Bach created three quasi-improvised movements, with an exciting middle movement where the hands keep switching keyboard and the music descends the whole scale in semitones. Just before that, there is a phrase in the pedal that Bach seized on (probably some years later) for his three-voice fugue. The theme accelerates through the use of ever shorter notes and the responses also become livelier throughout the piece, especially in the final use of the theme in the pedal.
