Today's Organ Music

The Fantasia and Fugue in G minor (BWV 542) is one of Bach's most intricate and developed works. We first heard the Fantasia last week. It is known that Bach improvised the fugue during a job audition at St. Jakobkirche in Hamburg in 1720 (he was 35 at the time) where the current organist, Reinecke was in audience during the 2.5-hour recital.

As a homage to Reinecken who was born in Netherlands, Bach bases the fugue on a Dutch folk tune and in typical fashion develops and adorns it with elements of his musical idiom conducive of worship and adoration of God to whom he is always dedicating his work.
