

V. HEALTH HAZARD INFORMATION

SYMPTOMS OF OVEREXPOSURE for each potential route of exposure.

Product is non-toxic but can act as a simple asphyxiant by displacing air. Symptoms of asphyxia include rapid respiration, dizziness and fatigue.

Inhaled: **Acute exposure may result in bronchial irritation.**

Contact with skin or eyes: **Possible frostbite if sprayed directly at close distance**

Absorbed through skin: **Chronic exposure: May cause contact or eczematious dermatitis.**

Swallowed: **May cause diarrhea.**

HEALTH EFFECTS OR RISKS FROM EXPOSURE.

Acute: **In mist form below the ACGIH TLV: None**

Chronic: **Animal studies indicate that repeated or prolonged exposure may result in mild irritation.**

FIRST AID: EMERGENCY PROCEDURES

Eye Contact: **Wash eyes with large amounts of water/saline solution occasionally lifting upper and lower eyelids until evidence of chemical is clear.**

Skin Contact: **Wash with soap and water.**

Inhaled: **Asphyxia: Move victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. If breathing is difficult, give oxygen. Call a Physician.**

SUSPECTED CANCER AGENT?

NO: This product's ingredients are not found in the lists below.

YES: Federal OSHA NTP IARC

VI. REACTIVITY DATA

Stability: Stable Unstable

Incompatibility (materials to avoid): **Oxidizing materials**

Hazardous decomposition products : **Carbon monoxide and carbon dioxide**

Hazardous polymerization: May occur Will not occur

VII. SPILL, LEAK, AND DISPOSAL PROCEDURES

Spill response procedures (include employee protection measures):

Shut off all ignition sources and ventilate the area. For large flows, personnel may have to wear positive pressure self-contained breathing apparatus.

Preparing wastes for disposal (container types, neutralization, etc.):

Do not puncture or incinerate containers. Give empty, leaking, or full containers to a disposal service equipped to safely handle and dispose of pressurized containers.

NOTE: Dispose of all wastes in accordance with federal, state and local regulations.

VIII. SPECIAL HANDLING INFORMATION

Respiratory protection:	Not needed unless the gas displaces the air and causes a deficiency of oxygen.
Eye protection (type)	Safety glasses should be worn.
Gloves (specify material)	Not required for normal use.
Other clothing and equipment	No special equipment needed.

IX. SPECIAL PRECAUTIONS

Precautions to be taken in handling and storage:

Do not store where temperatures could exceed 130 °F
